

Intel Brief · FemSaidia Intelligence Brief - May 2026 Week 4

THREAT: HIGH

2026-05-14 – 2026-05-28 · Digital Safety Intelligence

OVERVIEW

75/100

MISOGYNY INDEX

76/100

MEDIA SCORE

40/100

COMMUNITY

36 pt

SCORE GAP

Kenya's misogyny index holds steady at 75—a marginally improved but deceptively stable baseline that masks accelerating real-world lethality. Zero recorded cases this period does not signal safety; it signals intelligence gaps. News media is screaming (76/100) while social platforms normalize murder through victim-blame (40/100)—a dangerous divergence that allows killers to operate in plain sight.
